

**BUILDING SYSTEMS ESSENTIALS FOR BUILDING OPERATORS**

**Course 3 : Water Treatment & Fire Protection Systems**

Half-Day Seminar

BOMA Ottawa, in partnership with Algonquin College, are proud to announce a new education series for building operators.

The Building Systems Essentials for Building Operators is a series of half day “hands-on” seminars aimed to help Building Operators better understand how buildings function.

**COURSE OUTLINE:**

This seminar combines water treatment and fire protection systems to provide participants with a good understanding of these systems and how they impact the operation and safety of commercial properties. Topics will include:

- Water and Humidification Systems
- Water Treatment
- Water Efficiency
- Chemical Handling
- Fire Alarm & Sprinkler Systems
- Exhaust Systems
- Maintenance Procedures & Record Keeping Requirements
- Relevant Acts & Codes
- Standards & Regulations
- Health & Safety Procedures

The course material is developed by BOMA Ottawa and Algonquin College and will be delivered by an Algonquin College instructor at their downtown corporate training centre in Constitution Square.

**INSTRUCTOR**

**Ken Messervey** has over 18 years experience working in the mechanical, electrical, maintenance field. His work experience also includes 12 years as a Preventative Maintenance Chief with The Ottawa Carleton District School Board. He has worked extensively with all areas of preventative maintenance. Ken works closely with all departments within the board including EMC (Energy Management Centre), D & C (Design and Construction), and the maintenance division and has helped lead multiple energy conservation initiatives within the board.
