Building Knowledge One Course at a Time

BUILDING SYSTEMS ESSENTIALS FOR BUILDING OPERATORS

Course 7: Building Electrical Systems

Half-Day Webinar

BOMA Ottawa, with Algonquin College, are proud to offer again an education series for building operators. The Building Systems Essentials for Building Operators is a series of half day "hands-on" seminars aimed to help Building Operators better understand how buildings function.

To register for this course, please complete the information below and e-mail the completed form to administration@bomaottawa.org or fax the completed form to us at **613-563-3908**.

COURSE OUTLINE:

This seminar introduces the fundamental concepts and principals of electricity in the following areas of instruction:

- electrical system components,
- arc flash,
- emergency power supply,
- system maintenance,
- switch poles and throws,
- electrical testing and troubleshooting,
- relevant Acts, Codes, Standards and Regulations,
- Regulatory Authorities and
- Health and Safety procedures.
