Scott Howes is an Engineering Specialist with extensive experience and knowledge in Building Automation Controls and HVAC technology. Scott has been in the Building Controls Industry for over twenty years in the Ottawa area.

In addition, Scott has been a Professor of part-time studies at Algonquin College since 2010 for the Building Environmental Systems Operator Class II program. Scott has a Bachelor of Science Degree in Industrial Electronics from Sam Houston State University.

After completing his degree, Scott completed and received his teaching certificate from Sam Houston State University.

Algonquin College is the largest college in Eastern Ontario. Dedication to student success is Algonquin College’s guiding principal and is demonstrated through the quality of its programs, staff, the continual expansion of its facilities, and by forging strategic partnerships. Every action since the College was established in 1967 has been to ensure students have access to the education and skills training demanded by the marketplace to launch a rewarding career.

BOMA Ottawa, and Algonquin College are pleased to present a series of workshops for Building Operators and for Commercial Real Estate Practitioners. These 7 half-day workshops are based on curriculum from the Building Environmental Systems Program at Algonquin College. Developed by the staff of Algonquin and the BOMA Education Committee, each of the workshops is offered over a 12 month cycle approximately one per month.

All classes, in 2021, will be offered via the Algonquin College online training portal and led by certified instructors from Algonquin College.

For more information contact BOMA Ottawa at administration@bomaottawa.org.

SCOTT HOWES

---

**Upcoming Seminars**

- **AIR CONDITIONING & REFRIGERATION**
  11 March 2021
- **WATER TREATMENT & FIRE PROTECTION**
  8 April 2021
- **AIR HANDLING SYSTEMS**
  13 May 2021
- **BUILDING CONTROL SYSTEMS**
  17 June 2021
- **HEATING SYSTEMS**
  9 September 2021
- **ENERGY EFFICIENCY FOR BUILDINGS**
  14 October 2021
- **BUILDING ELECTRICAL SYSTEMS**
  16 November 2021
